

artevista[®]

Avista Magnetic Whiteboards turns any wall into a working surface, the perfect combination of functionality and design. Available in a range of colours, white writable gloss to chalkboard matt, and a specialised projection surface with reduced light reflectivity, can hold large format documents to the surface using magnets.

Avista Magnetic Whiteboards are suitable for schools or university, office walls or partition surfacing, boardrooms, menu boards and design studios.

DESIGN

Avista Magnetic Whiteboard surface is suitable for use as writing display panels in conjunction with Dry Wipe or Liquid Chalk markers. They are suitable for all semi-permanent writing application, around the home, office, education or installation applications.

FINISHES

Customise your whiteboard to various sizes within these parameters: 2400 x 1200 or 3000 x 1200.

Available in a wide range of basic to contemporary colours.

CLEANING

Non-abrasive, standard cleaning agents can be used (not acetone-based and not excessively alkaline) For cleaning, a soft, non-linting cloth should always be used.

FRAMES

Artevista Magnetic Whiteboards are designed to be used unframed or framed, with a range of options.

- Silver - Natural anodised aluminium
- White - White powder-coated aluminium
- Black - Black powder-coated aluminium

SUBSTRATE

The whiteboards are manufactured as high pressure laminates, in sheet form and ranging in thickness from 1mm laminated to MDF substrate.

FIXING

Artevista Magnetic Whiteboards are generally fixed into position using conceal fixed 12mm split batten system as a standard.
